

1. Какая сегодня погода?

Температура сегодня ужасная. На улице нельзя сделать ни глоток свежего воздуха. Я таю! Сейчас где-то около 35 градусов тепла. Очень сложно дышать, ходить и думать при таких погодных условиях. Я хочу уехать загород.

2. Напишите, какая погода была вчера и чем вы занимались. 8 предложений.

Yesterday in Moscow was hot. If you go outside, you shouldn't where something more than just a t-shirt. However, when I opened a window, a felt a little fresh air. But until evening it was terribly hot. In the evening there was warm outside but very wet. It was about 28 degree. I hope the other days will be cold!
